PROFESSIONAL SUMMARY

Computer Science Engineering graduate (2026) with a CGPA of 9.16, passionate about building enterprise applications and full-stack solutions. I have hands-on experience with C#, ASP.NET Core, Entity Framework, and the MERN stack. During my 6-month engineering placement at Sierra ODC, I delivered production-style .NET applications. I've also built independent projects ranging from secure admin platforms to a medico-legal record system presented at an international conference.

TECHNICAL SKILLS

- Microsoft / .NET:** C#, .NET, .NET Core, ASP.NET Web API, Entity Framework
- Languages:** Python, Java, JavaScript, C,HTML,CSS,JS
- Frameworks & Libraries:** React, Node.js, Express.js, Flask, Django
- Databases:** MongoDB, MySQL, PL/SQL
- Tools & Platforms:** Git, SourceTree, Power BI, Figma, VS Code

KEY PROJECTS

Medi-Track — Smart Medico-Legal Record Management System | MERN Stack

- Built a secure, authenticated web app for storing and retrieving sensitive medico-legal records; presented at the 3rd International Conference on Advances in Engineering and Medical Sciences.

Admin Management System | HTML, CSS, JavaScript, Node.js, Express.js, MongoDB Atlas

- Built a secure, login-based admin platform with full CRUD functionality and a responsive front end.

Machine Learning & Deep Learning Research | Python, TensorFlow, Keras, PyTorch, Scikit-learn

- Implemented CNNs and RNNs across multiple datasets, covering preprocessing, feature engineering, and model evaluation.

EXPERIENCE

Software Trainee — .NET & .NET Core | Sierra ODC Private Limited

6 Months

- Developed enterprise applications using C#, ASP.NET Core, and Entity Framework in a production-style environment.
- Built front-end interfaces with React and integrated them with .NET Core backend services.
- Debugged and resolved application issues across the .NET stack, improving stability and code reliability.

Python Web Development Intern | Infosys Foundation / ICT Academy

30 Days

- Developed and deployed backend web applications using Python and Flask.

Technical Trainee | Robo Miracles Technologies

1 Day

- Gained hands-on exposure to robotics and automation tooling.

Workshop Participant — Android Development | LiveWires

1 Day

- Introduced to core concepts of Android app development.

EDUCATION

B.E., Computer Science and Engineering | Anna University

2022 – 2026

- CGPA: 9.16 / 10

Higher Secondary Certificate (12th Grade) | State Board

2022

- 85.33%

Secondary School Leaving Certificate (10th Grade) | State Board

2020

- 99.2%

CERTIFICATIONS

- Generative AI Certification
- MERN Stack, Android App Development, Microsoft Office Essentials — Naan Mudhalvan
- Figma (UI/UX Design), UiPath Studio — LinkedIn Learning
- Robotics Technologies — National Robotics Foundation
- Digital Productivity — CSC Academy (2025)

ACHIEVEMENTS

- Kalam's World Record — Participation in a 24-Hour Codeathon (ISO 9001:2015 Certified), June 2024. Active participant in inter-collegiate hackathons, symposiums, and technical events.
